INTRODUCTION

The purpose of the Hulce / Hulse Families in America Volumes one, two, and three was to compile the known descendants of the two progenitors of the Hulce surname in America. About 94% of the Hulce surnames descend from Elisha Hulce / Hulse 1725 - 1796 from Goshen, NY. Some of Elisha's descendants use the Hulse, Hultz, and Hulcee spellings. Elisha's ancestors were of English origin.

About 6% of the Hulce spelling descend from James Hulce / Hulst 1791 - 1875 from Somerset County, NJ. James' ancestors are thought to be of Dutch origin.

Elisha Hulce and James Hulce / Hulst are not related.

These three volumes are one of the largest compilations on the Hulse surname.

The resources used in this compilation were:

Wisconsin State Historical Society Library
Michigan State Library,
Cale Manuscript Collection at the Minnesota State Historical Society Library
Martial Hulce's Manuscript Collection at the Kroch Library, Cornell U
